PROFESSIONAL PROFILE

Computer Science graduate from BRAC University with interdisciplinary experience in research, data analysis, organizational leadership, content operations, and social-impact initiatives. Skilled in Python, SQL, Excel, analytical research, cross-functional coordination, and written communication. Exploring graduate development, management trainee, business operations, research, and technology-oriented opportunities; currently strengthening data analytics skills.

EDUCATION

BRAC University | *Dhaka, Bangladesh* | *Sep 2022 – Sep 2026*

Bachelor of Science in Computer Science | Graduated 2026

Government City College | *Chattogram, Bangladesh* | *2019 – 2021*

Higher Secondary Certificate (HSC), Science

EXPERIENCE & LEADERSHIP

Millennium Fellow — Class of 2026 | *Millennium Campus Network (MCN)* | *Aug 2026 – Present*

- Selected for the Millennium Fellowship; founded "Forgotten Fathers, Quiet Heroes," an ongoing independent initiative focused on elderly fathers' dignity, well-being, and social inclusion (UN SDG 3).
- Currently conducting outreach to old age homes and relevant organizations to support future community engagement activities.

Secretary | *BRAC University MONON* | *Sep 2023 – Aug 2025*

- Led creative planning and event arrangements, coordinating themes, decorations, venue setup, schedules, and event execution.
- Supervised members, delegated tasks, coordinated with faculty and administration, and facilitated meetings and documentation.
- Conducted recruitment interviews and helped onboard and train new members.

Content Writer, Researcher & Editor — Core Team | *Prizm* | *Aug 2024 – Dec 2024* | *Remote*

- Researched news topics, cross-checked credible sources, and fact-checked information for accurate editorial content.
- Wrote and edited articles, headlines, and social media copy while coordinating content calendars, publishing, and editorial quality.
- Managed Facebook content, reviewed audience engagement, and worked with a small team on content strategy and organic growth.

UNDERGRADUATE RESEARCH

HierarchiRetina — Diabetic Retinopathy Assessment | *BRAC University* | *June 2026*

- Contributed to a collaborative thesis on an interpretable, multi-stage deep learning framework for retinal disease screening, lesion segmentation, and severity grading.
- Reviewed literature, identified research gaps, supported methodology planning, collected public datasets, and performed exploratory data analysis, preprocessing, and augmentation.
- Prepared results visualizations, analyzed benchmark comparisons, maintained research documentation, coordinated team progress, and presented at the thesis defense.

SELECTED ACADEMIC & TECHNICAL PROJECTS

Medical Student Diabetes Prediction | *Python, Pandas, Machine Learning* | GitHub

- Analyzed a medical-student diabetes dataset using data cleaning, exploratory analysis, classification, and clustering techniques.

NexusEdu — Academic Platform | *Platform Features & Systems Integration* | GitHub

- Developed an Elo-style reputation engine with rating decay and reputation badges, alongside bookmarking, session requests, scheduling, and calendar integration.
- Implemented exam proctoring features including tab-focus detection and examinee monitoring; collaborated on platform design, integration, testing, and development.

SkyNetix — Enterprise Multi-Branch Network | *Cisco Packet Tracer, Networking* | GitHub

- Designed and tested a four-branch network featuring IPv4 VLSM addressing, static routing, and structured LAN/WAN connectivity.

TECHNICAL & PROFESSIONAL SKILLS

Data & Analytics: Python, SQL, Microsoft Excel, Pandas, NumPy, exploratory data analysis, data preprocessing, data interpretation

Technology & Systems: Computer networking, Cisco Packet Tracer, database management, Git/GitHub, machine learning and deep learning

Productivity & Reporting: Microsoft Word, Microsoft PowerPoint, Google Sheets (basic), Power BI (basic)

Additional Programming: C/C++ (basic), HTML/CSS (basic)

Professional: Research, report writing, content development and editing, stakeholder coordination, event planning, team leadership, social media management

CERTIFICATIONS & DEVELOPMENT

- Deloitte Australia — Data Analytics Job Simulation (Forage)
- Branding & Design Job Simulation — Forage Academy
- Professional Development: Data Analytics course — in progress (certificate expected upon completion)
